

# The Church of Saint Ann

## A Christian Community in the Roman Catholic Tradition

To whom it may concern,

I have had a fantastic experience working with Rich Bello of Schooley Mitchell. We engaged Rich To audit our telecom, waste, and supplies expenses. We have often wondered if we were overspending, but did not have the time to dedicate to an analysis ourselves.

The Church of Saint Ann is a vibrant, active, richly diverse community of faith located in the heart of Lawrence Township, New Jersey. Our parish family embraces peoples of every age, race, culture, and social background: singles, families, old, and young!

Rich's team analyzed our telecom, waste, and supplies invoices to determine whether or not savings could be found. Schooley Mitchell takes all the work off the client's plate, and this was evident from the get-go. All that was required was a quick conversation about our set up, access to our invoices and contracts, and then Schooley Mitchell did all the work from there.

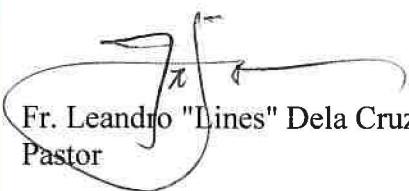

I was thrilled when Rich came back to me and presented the report showing that Schooley Mitchell was able to identify 20% in savings for our waste removal expenses. Now we have the peace of mind that we're not overspending, as well as extra funds to reinvest back into our budget.

We didn't even have to switch our waste vendor, and when the vendor tried to increase the price again, Schooley Mitchell went back and renegotiated back down to our original rate and got us a refund.

After reviewing our telecom and supplies set up, Schooley Mitchell found that our expenses are already completely optimized. This gives us great peace of mind, knowing we haven't been overpaying in the past, and that our budget is going towards what matters most.

Overall, my experience with Schooley Mitchell and Rich Bello has been very positive, and I would recommend them to any business or organization looking to reduce expenses. Rich is professional and passionate about the work he does!

Sincerely,
